

Five Tons Dual-bullwheel powered winch

Order number		09162
Model		JJCS-50T
Engine	Model	S195G
	Power (kW)	9
	Speed (rpm)	2000
Linepull (kN)/speed (rpm)	I.III	50/3.1.40/9.6
	II.V	45/7.1.17/22.3
	IV.VI	33/11.3.10/35.6
	Reverse	-/7.35
Drum bottom of groove diameter (mm)		Φ300
Winding manger		Manpower
Weight (kg)		700
Dimension (mm)		2230×1210×1135

·Uses :apply to hoisting mechanical equipment and erecting pole pylon . hauling and string conductors in post telephone. telegraph and electric power lines .

·feature :the whole machine is mounted on a framework with wheel hub for easy transportation .
