

Model ZZC350 self -moving traction machine

·order number :20121

·use to spread OPGW ,replace old conductor .

.Essential technical parameter

block passed Diameter range (mm): $\Phi 9 \sim \Phi 26$

Maximum creeping angle (°):31

Gasoline dynamo type :YK950/650W

Driving dynamo type :100YYJ140-3(140W)

Remote control linear distance (m):300~500

Dimension (mm):477×488×763

Running speed (m/min):17

Horizontal pull (N):350

Weight (kg):46.5
