

Winch type hydraulic brake tensioner

. order number :07212

. model :SA-YZM7.5

. Essential technical parameter :

Maximum tension (kN):7.5

Maximum linespeed (m/min):40

Bullwheel bottom of groove diameter (mm): $\Phi 1100$

Dimensions(mm):2300×1250×1620

Weight (kg) :450

. feature :

1. adopt retarding with hydraulic pressure.
2. light and convenient to construct in mountainous area
